

# Enjoy predictable bills with our free Budget Plan

Budget Plan allows you to pay about the same amount each month. Your budget amount is calculated based on:

- Past 12 months of usage at your residence or facility
- Normal seasonal weather conditions
- Current rates for service and delivery
- Current and projected cost of natural gas

### Budget Plan

This chart is for illustration purposes only and represents a simulated Budget Plan bill payment plan. Your payments will vary based on actual usage.

## How it works?

The budget year runs from May to April. You can still enroll after May, but your monthly payment will be higher, as fewer months remain in the Budget Plan program.

### Keeping you on track

To ensure there are no surprises, we'll review your account in December and, if necessary, notify you if we have adjusted your budget amount up or down for the remainder of the Budget year, allowing you to avoid a large underpayment or overpayment. April is the settle-up month for the Budget Plan.

### Ways to Enroll

1. Automatically. Pay the budget amount that appears on your bill
